PRINCIPAL SOURCES OF GEOLOGIC DATA AND REFERENCES CITED FOR GEOLOGIC MAP OF WYOMING

Compiled by

J. D. Love and Ann Coe Christiansen

1985

NOTE

Geologic data for the Wyoming State map were derived principally from compilations of 1° × 2° quadrangles, which in turn incorporated data from many other geologic maps. All quadrangle maps were generalized as necessary to fit requirements of scale; some sources were modified by individuals listed at the end of the reference or by the authors of the Wyoming map. The numbers (bold) following most references are keyed to the 1° × 2° quadrangles shown in figure 3; although the maps in the references may cover a larger area, only the quadrangles for which data were used in the preparation of this map are cited.

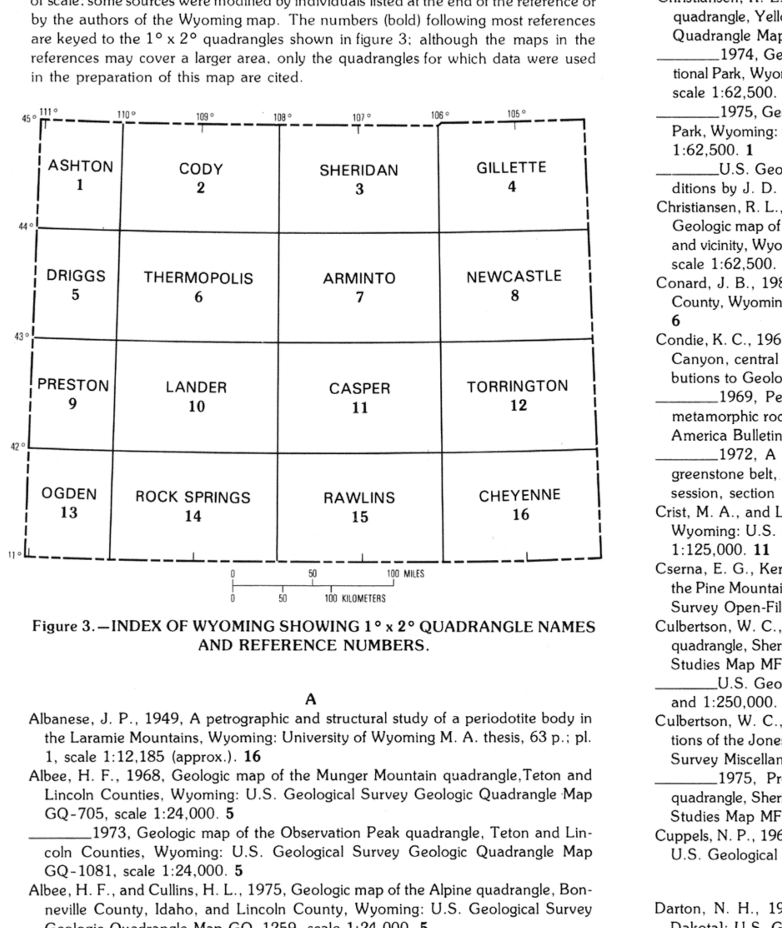

Figure 3.—INDEX OF WYOMING SHOWING 1° × 2° QUADRANGLE NAMES AND REFERENCE NUMBERS.

A

Albanese, J. P., 1949, A petrographic and structural study of a periodotite body in the Laramie Mountains, Wyoming: University of Wyoming M. A. thesis, 63 p.; pl. 1, scale 1:12,185 (approx.). 16
Albee, H. F., 1968, Geologic map of the Munger Mountain quadrangle, Teton and Lincoln Counties, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ-705, scale 1:24,000. 5
____1973, Geologic map of the Observation Peak quadrangle, Teton and Lincoln Counties, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ-1081, scale 1:24,000. 5
Albee, H. F., and Cullins, H. L., 1975, Geologic map of the Alpine quadrangle, Bonneville County, Idaho, and Lincoln County, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ-1259, scale 1:24,000. 5
Allspach, H. G., 1955, Geology of a part of the south flank of the Seminoe Mountains, Carbon County, Wyoming: University of Wyoming M. A. thesis, 65 p.; pl. 2, scale 1:21,120. 11
Andrews, D. A., U.S. Geological Survey unpublished mapping, 1936-38. 2
Andrews, D. A., Pierce, W. G., and Eargle, D. H., 1947, Geologic map of the Bighorn Basin, Wyoming and Montana, showing terrace deposits and physiographic features: U.S. Geological Survey Oil and Gas Investigations Preliminary Map 71, scale 1:126,720. 2, 3, 6
Ary, M. D., 1959, Geology of the eastern part of the Thermopolis and Lucerne anticlines, Hot Springs County, Wyoming: University of Wyoming M. A. thesis, 64 p.; pl. 7, scale 1:21,120. 6

B

Balog, Susan, University of Wyoming Remote Sensing Laboratory, unpublished maps from ERTS photography, 1976, scale 1:250,000. [Quaternary deposits only.] 10, 11, 14
Barclay, C. S. V., 1976, Preliminary geologic map of the Tullis quadrangle, Carbon County, Wyoming: U.S. Geological Survey Open-File Report 76-794, scale 1:24,000. 15
____U.S. Geological Survey unpublished mapping, 1968-72 and 1975-76, scale 1:62,500. 15
Barlow, J. A., Jr., 1950, Geology of the LaPrele Creek-Boxelder Creek area, Converse County, Wyoming: University of Wyoming M. A. thesis, 49 p.; pl. 5, scale 1:21,120. 12
____1953, The geology of the Rawlins uplift, Carbon County, Wyoming: University of Wyoming Ph. D. thesis, 179 p.; pl. 16, scale 1:31,680. [Map printed in Berry (1960).] 15
Barnum, B. E., 1975, Geologic map and coal resources of the Ranchester quadrangle, Sheridan County, Wyoming, and Big Horn County, Montana: U.S. Geological Survey Coal Investigations Map C-75, scale 1:24,000. 3
____1983, Geologic and structure maps of the Monarch quadrangle, Sheridan County, Wyoming, and Big Horn County, Montana: U.S. Geological Survey Miscellaneous Field Studies Map MF-1517, sh. 1, scale 1:24,000. 3
Barton, Raymond, 1974, Geology of the Kennaday Peak-Pennock Mountain area, Carbon County, Wyoming: University of Wyoming M. S. thesis, 74 p.; pl. 1, scale 1:24,000. 15
Bauer, E. J., 1952, Geology of the Wagonhound Creek area, Carbon County, Wyoming: University of Wyoming M. A. thesis, 58 p.; pl. 6, scale 1:31,680. 15
Bay, K. W., 1969, Stratigraphy of Eocene sedimentary rocks in the Lysite Mountain area, Hot Springs, Fremont, and Washakie Counties, Wyoming: University of Wyoming Ph. D. thesis, 181 p.; pl. 1, scale 1:24,000. 7
Bayley, R. W., 1965, Geologic map of the South Pass City quadrangle, Fremont County, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ-458, scale 1:24,000. 10
____1965, Geologic map of the Atlantic City quadrangle, Fremont County, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ-459, scale 1:24,000. 10
____1965, Geologic map of the Miners Delight quadrangle, Fremont County, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ-460, scale 1:24,000. 10
____1965, Geologic map of the Louis Lake quadrangle, Fremont County, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ 461, scale 1:24,000. 10
____1968, Geologic map of the Bradley Peak quadrangle, Carbon County, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ-773, scale 1:24,000. 11
Bayley, R. W., Proctor, P. D., and Condie, K. C., 1973, Geology of the South Pass area, Fremont County, Wyoming: U.S. Geological Survey Professional Paper 793, 39 p.; pl. 1, scale 1:48,000. 10
Bekkar, Hamed, 1973, Laramide structural elements and relationship to Precambrian basement, southeastern Wyoming: University of Wyoming M. S. thesis, 70 p.; pl. 1, scale 1:100,000. 12
Bell, W. G., 1955, The geology of the southeastern flank of the Wind River Mountains, Fremont County, Wyoming: University of Wyoming Ph. D. thesis, 204 p.; pl. 3, scale 1:48,000. [Quaternary deposits and pre-Tertiary rocks only.] 10
Berggren, W. A., 1972, A Cenozoic time-scale—Some implications for regional geology and paleobiogeography: Lethia, v. 5, no. 2, p. 195-215.
Berman, J. E., 1955, Geology of Elk Mountain and Tabernacle Butte area, Sublette County, Wyoming: University of Wyoming M. A. thesis, 63 p.; pl. 1, scale 1:35,600 (approx.). 10
Berry, D. W., 1960, Geology and ground-water resources of the Rawlins area, Carbon County, Wyoming: U.S. Geological Survey Water-Supply Paper 1458, 74 p.; pl. 1, scale 1:63,360. 15
Berry, D. W., and Littleton, R. T., 1961, Geology and ground-water resources of the Owl Creek area, Hot Springs County, Wyoming: U.S. Geological Survey Water-Supply Paper 1519, 58 p.; pl. 1, scale 1:63,360. 6
Berryman, R. J., 1942, The geology of the Deer Creek-Little Deer Creek area, Converse County, Wyoming: University of Wyoming M. A. thesis, 51 p.; pl. 1, scale 1:24,000. 12
Bishop, D. T., 1964, Retrogressive metamorphism in the Seminoe Mountains, Carbon County, Wyoming: University of Wyoming M. S. thesis, 49 p.; pl. 2, scale 1:20,000 (approx.). 11
Blackstone, D. L., Jr., 1965, Gravity thrusting in the Bradley Peak-Seminoe Dam quadrangles, Carbon County, Wyoming, and the relationship to the Seminoe iron deposits: Geological Survey of Wyoming Preliminary Report 6, 13 p.; pl. 1, scale 1:26,400. 11
____1970, Structural geology of the Rex Lake quadrangle, Laramie Basin, Wyoming: Geological Survey of Wyoming Preliminary Report 11, 17 p.; pl. 1, scale 1:24,000. 15
____1973, Structural geology of the eastern half of the Morgan quadrangle, the Strouss Hill quadrangle, and the James Lake quadrangle, Albany and Carbon Counties, Wyoming: Geological Survey of Wyoming Preliminary Report 13, 45 p.; pl. 1, scale 1:24,000. 15, 16
____1976, Structural geology of the Arlington-Wagonhound Creek area, Carbon County, Wyoming—A revision of previous mapping: Geological Survey of Wyoming Preliminary Report 15, 16 p.; unnumbered pl., scale 1:39,600. 15
____Compiler, 1977, Tectonic map of the overthrust belt, western Wyoming, southeastern Idaho, and northeastern Utah: Geological Survey of Wyoming, scale 1:316,800. 5, 9, 13
____1981, Compression as an agent in deformation of the east-central flank of the Bighorn Mountains, Sheridan and Johnson Counties, Wyoming: University of Wyoming Contributions to Geology, v. 19, no. 2, p. 105-122; fig. 4, scale 1:500,000 (approx.). 3, 7
____University of Wyoming unpublished mapping, scales 1:24,000, 1:125,000, and 1:250,000. 12, 16
Blackstone, D. L., Jr., Sears, J. W., and Wilson, B. D., 1976, Geologic map of the Paleozoic rocks along the northern flank of the Laramie Mountains, Wyoming: Prepared by The Wyoming Water Resources Research Institute for the Wyoming State Engineer in cooperation with The Office of Water Research and Technology, scale 1:48,000. 11, 12
Blanchard, L. F., and Comstock, M. C., 1980, Geologic map and coal deposits of the Pats Bottom quadrangle, Carbon County, Wyoming: U.S. Geological Survey Open-File Report 80-52, scale 1:24,000. 15
Blank, H. R., Jr., Prostka, H. J., Keefer, W. R., and Christiansen, R. L., 1974, Geologic map of the Frank Island quadrangle, Yellowstone National Park, Wyoming: U.S. Geological Survey Geologic Quadrangle Map GQ-1209, scale 1:62,500. 1
Bown, T. M., 1979, Geology and mammalian paleontology of the Sand Creek facies, lower Willwood Formation (lower Eocene), Washakie County, Wyoming: Geological Survey of Wyoming Memoir 2, 151 p.; pl. 1, scale 1:160,000 (approx.). 3, 6, 7
____1982, Geology, paleontology, and correlation of Eocene volcaniclastic rocks, southeast Absaroka Range, Hot Springs County, Wyoming: U.S. Geological Survey Professional Paper 1201-A, 75 p.; pl. 1, scale 1:50,000. 6
____U.S. Geological Survey unpublished mapping, 1978, scale 1:24,000. 2, 6
Bradley, W. H., 1964, Geology of the Green River Formation and associated Eocene rocks in southwestern Wyoming and adjacent parts of Colorado and Utah: U.S. Geological Survey Professional Paper 496-A, 86 p.; pl. 1, scale 1:250,000. 10, 14
Brobst, D. A., 1961 [1962], Geology of the Dewey quadrangle, Wyoming-South Dakota: U.S. Geological Survey Bulletin 1063-B, p. 13-60; pl. 5, scale 1:24,000. 8
Brobst, D. A., and Epstein, J. B., 1963 [1964], Geology of the Fanny Peak quadrangle, Wyoming-South Dakota: U.S. Geological Survey Bulletin 1063-I, p. 323-377; pl. 25, scale 1:24,000. 8
Brooks, B. G., 1957, The geology of the Wheatland Reservoir area, Albany County, Wyoming: University of Wyoming M. A. thesis, 42 p.; pl. 1, scale 1:31,680 (approx.). 12, 16
Buffett, R. N., 1958, Geology of the Little Canyon Creek area, Washakie County, Wyoming: University of Wyoming M. A. thesis, 85 p.; pl. 11, scale 1:20,000. 7
Buffler, R. T., 1967, The Browns Park Formation and its relationship to the late Tertiary geologic history of the Elkhead region, northwestern Colorado—south-central Wyoming: University of California, Berkeley, Ph. D. thesis, 175 p.; pl. 1, scale 1:125,000. 15
Burford, A. E., Corbett, R. G., and 7 others, 1979, Precambrian complex of Casper Mountain, Wyoming—A preliminary paper: Wyoming Geological Association Earth Science Bulletin, v. 12, p. 58-69; pl. 1, scale 1:21,120. 11
