

Produced by the United States Geological Survey and the National Ocean Service Control by USGS, NOS/NOAA, and DMA Topography by photogrammetric methods from aerial photographs taken 1981. Field checked 1982. Map edited 1987. Supersedes Army Map Service map dated 1943. Bathymetry compiled by the National Ocean Survey from tide-coordinated hydrographic surveys. This information is not intended for navigational purposes. Mean low water (dotted line) and mean high water (heavy solid line) compiled by NOS from tide-coordinated aerial photographs. Apparent shoreline (outer edge of vegetation) shown by light solid line. Projection and 10,000-foot grid ticks: Maryland coordinate system (Lambert conformal conic) 1000-meter Universal Transverse Mercator grid, zone 18 1977 North American Datum To place on the predicted North American Datum 1983, move the projection lines 9 meters south and 28 meters west as shown by dashed corner ticks. There may be private inholdings within the boundaries of the National or State reservations shown on this map. Fine red dashed lines indicate selected fence and field lines where generally visible on aerial photographs. This information is unchecked
