

Prepared by the Instituto Geográfico Nacional (IGN), Lima, Peru, in collaboration with the Defense Mapping Agency. Includes logos and a small map of Peru.

LEGENDA / LEYENDA. Symbols for populated places, roads, railroads, drainage, and relief. Includes bilingual descriptions for various features.

NOTAS / NOTAS. Information regarding populated areas, contour intervals, and map production details. Includes a note about the map's classification and a warning about telephone and electric service lines.

ELEVATIONS IN METERS / ELEVACIONES EN METROS. Scale 1:100,000. Includes a graphic scale in kilometers and statute miles, and a coordinate conversion table for UTM Zone 17.

CONVERSION GRAPH / GRÁFICA DE CONVERSIÓN. A graphical scale for converting between meters, feet, and nautical miles. Includes a table for conversion factors.

BOUNDARIES / LÍMITES. A diagram showing the boundary between Ecuador and Peru, with a note that the representation is not necessarily authoritative.

ADJOINING SHEETS / HOJAS ADYACENTES. A grid of map sheets showing the location of sheet 1162 (9-1) relative to its neighbors.

ELEVATION GUIDE / GUIA DE ELEVACION. A vertical scale showing elevation in meters and feet, with a corresponding topographic map section illustrating contour lines.
