

Produced by the United States Geological Survey in cooperation with State of Florida agencies
 Compiled from USGS 1:600,000-scale topographic maps dated 1978-1986
 Contours derived from aerial photogrammetry data 1985-86 and other source data
 Contours on topographic edition modified from 1:600,000-scale State base map dated 1962
 Landon Conformal Conic projection based on modified parallel 32° and 45°
 Universal Transverse Mercator 24 000-meter grid, zones 18 and 17
 North American Datum of 1983
 Bathymetry compiled from National Ocean Service 1:250,000-scale and 1:100,000-scale bathymetric maps
 Dashed line represents lowest low water line. This information not intended for navigational purposes.
 There may be precise delineations within the boundaries of the National or State reservations shown on this map.

- LEGEND**
- State capital
 - County seat
 - City (over 50,000)
 - City (over 10,000)
 - Subdivided minor airport
 - Public airport
 - County boundary
 - Waterway boundary
 - Primary highway
 - Secondary highway
 - Other principal road
 - Road number - Interstate U.S. 90
 - Highway
 - Trail and recreation area
 - Woods
 - Marsh, swamp, or other wetland

National Geodetic Vertical Datum of 1929
 Bathymetric contour intervals: 10 meters to the 200-meter depth, 20 meters to maximum depth
 Datum is mean low low water
 The relationship between the two datums is variable.
