

Produced by the United States Geological Survey in cooperation with State of Florida agencies  
 Contour interval 100 feet (30.5 m) except where noted  
 Bathymetry derived from aerial photographs taken 1953-56 and other source data  
 Contour interval 10 feet (3.0 m) except where noted  
 National Geodetic Survey  
 Vertical Datum: Mean Sea Level  
 Horizontal Datum: North American Datum of 1983  
 Contour interval 10 feet (3.0 m) except where noted  
 Bathymetry derived from National Ocean Service charts 1:25,000 scale and 1:50,000 scale bathymetric maps  
 Dashed lines represent water level low water line. This information not intended for navigational purposes.  
 There may be private landholdings within the National or State reservations shown on this map.

Scale: 1:500,000  
 1 inch on the map represents approximately 2 miles on the ground  
 Contour Interval 50 feet  
 National Geodetic Vertical Datum of 1929  
 Bathymetric contour interval: 10 meters to the 200 meter depth; 50 meters to maximum depth.  
 Elevations in feet above sea level  
 The relationship between the sea datum is variable
