

MAP COMMENTARY
This map is produced by the U.S. Geological Survey, Reston, VA, in cooperation with the Indonesian Government. It is based on data from the U.S. Navy's Hydrographic Survey of the Indonesian Archipelago, 1960-1965, and other sources. The map is a bathymetric map showing depth contours and is not a nautical chart. It is intended for general reference and is not to be used for navigation. The map is a technical drawing and is not to be used for reproduction without the permission of the U.S. Geological Survey.

SOURCE OF INFORMATION
U.S. Navy Hydrographic Survey, 1960-1965, and other sources. The map is based on data from the U.S. Navy's Hydrographic Survey of the Indonesian Archipelago, 1960-1965, and other sources. The map is a technical drawing and is not to be used for reproduction without the permission of the U.S. Geological Survey.

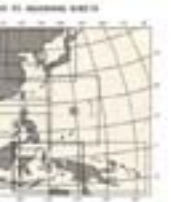

SCALE OF INFORMATION
1:100,000 (Scale 1:100,000). The map is based on data from the U.S. Navy's Hydrographic Survey of the Indonesian Archipelago, 1960-1965, and other sources. The map is a technical drawing and is not to be used for reproduction without the permission of the U.S. Geological Survey.

DATE OF INFORMATION
1982, 1983. The map is based on data from the U.S. Navy's Hydrographic Survey of the Indonesian Archipelago, 1960-1965, and other sources. The map is a technical drawing and is not to be used for reproduction without the permission of the U.S. Geological Survey.

MAP SYMBOLS
 - Shaded relief
 - Topographic contour
 - Bathymetric contour
 - Depth contour
 - Depth contour interval
 - Depth contour interval
 - Depth contour interval
